Student is displaying unique/challenging behaviors that are overwhelming member district

Member district contacts ZED Behavior Consultant for site visit and shares all pre-referral intervention data

Member district fills out setting IV referral packet in its entirety by due date for ZED SST review

ZED SST team reviews the information make decision points based on data to either:

- 1) Remain on SST agenda involves additional intervention tracking
- 2) Is referred to setting IV school

A setting IV referral packet must be entirely completed (including accompanying information) and sent to Duane Ellingworth one week prior to the next SST team meeting to be considered for discussion.
